

Keeping Medicare Affordable in South Dakota

Every day, the [Medicare Improvements for Patients and Providers Act](#) (MIPPA) helps people with Medicare afford their prescriptions, premiums, and doctor visits.

Who MIPPA Helps in South Dakota

11,350 Medicare beneficiaries connected to benefits¹

51,381 Medicare beneficiaries living at or below \$23,475 (150% of the federal poverty level)

David's Story

As he approached age 65, David began to worry about how he would afford Part B premiums when he enrolled in Medicare. A benefits counselor screened him for Medicaid and Medicare Extra Help. As winter was arriving, the counselor also encouraged him to apply for the Low-Income Home Energy Assistance Program. She walked David through the process. Shortly before Christmas, David received the news that he was eligible for all. He was overjoyed at starting the new year with greater financial security.

What MIPPA Does

Connects eligible individuals to benefits like the Medicare Savings Program and Medicare Part D Low-Income Subsidy, which help pay for prescription drugs, premiums, and copays

Promotes preventive health services and screenings

Keeps older adults healthy and out of hospitals

¹ Data from 10/1/24 to 9/30/25 from SHIP Tracking and Reporting System and BenefitsCheckUp.

Government Savings

Research shows that having prescription drug coverage through Medicare Part D could reduce hospitalization rates by 7%². With an average Medicare hospital stay costing \$14,700³, connecting individuals to prescription drug coverage could create significant health care savings for the federal government.

Individual Savings

In 2025, MIPPA saved individuals \$8,400 annually in out-of-pocket health care costs. With the average monthly Social Security payment at \$1,919 in South Dakota⁴, MIPPA can significantly improve older adults' budgets.

MIPPA Funding for South Dakota

Each year, MIPPA provides \$186,893 in funding to state and area agencies on aging (AAAs) and local nonprofit organizations.
