

# Keeping Medicare Affordable in Oregon

Every day, the [Medicare Improvements for Patients and Providers Act](#) (MIPPA) helps people with Medicare afford their prescriptions, premiums, and doctor visits.

## Who MIPPA Helps in Oregon

**45,180** Medicare beneficiaries connected to benefits

**240,113** Medicare beneficiaries living at or below \$22,500  
(150% of the federal poverty level)

### Sean's Story

Sean, who was turning 65, was overwhelmed with mailings about having to pay his Part B premiums. He got connected to Oregon Medicare Savings Connect and was determined eligible for a Medicare Savings Program. Sean learned that he was eligible for premium and co-pay assistance, and he was automatically enrolled into the Medicare Low-Income Subsidy to help pay for his medications.

## What MIPPA Does

Connects eligible individuals to benefits like the Medicare Savings Program and Medicare Part D Low-Income Subsidy, which help pay for prescription drugs, premiums, and copays

Promotes preventive health services and screenings

Keeps older adults healthy and out of hospitals

## Potential Medicare Savings through MIPPA

One of the main components of MIPPA is to connect eligible Medicare Beneficiaries to programs to help them afford prescription drugs through Medicare Part D. Research shows that having prescription drug coverage through Medicare Part D could reduce hospitalization rates by 7%.<sup>1</sup> With an average Medicare hospital stay costing \$14,700,<sup>2</sup> connecting individuals to prescription drug coverage could create significant health care savings for both the patient and the government.

## How MIPPA is Delivered in Oregon

- 1 [State Health Insurance Assistance Program](#)
- 17 [Area Agencies on Aging](#)
- 1 [Benefits Enrollment Center](#)  
One Community Health

### How to Access Benefits Online

BenefitsCheckUp is a free tool where individuals can see if they may be eligible for these money-saving programs.
