

Open Enrollment Resources: North Dakota

Medicare Open Enrollment runs from October 15 until December 7, 2025. This is the annual opportunity for beneficiaries to review their coverage and decide whether to add, drop, or switch health and prescription drug plans. Reviewing options each year is important, since plan costs and benefits can change. Medicare isn't free, but help is available. Your local State Health Insurance Assistance Program (SHIP), Benefits Enrollment Center (BEC), or Area Agency on Aging (AAA) can provide free, unbiased guidance to review your options and, if eligible, enroll you in cost-saving programs.

Open Enrollment:

October 15 – December 7, 2025

Resources:

State Health Insurance Programs

This is the state agency that offers one-on-one assistance, counseling, and education to Medicare beneficiaries, their families, and caregivers to help them make informed decisions about their care and benefits.

[State Health Insurance Assistance Program \(SHIP\)](#)

[North Dakota Health & Human Services](#)

These are your Area Agencies on Aging (AAA), which are either a public or private nonprofit agency that helps address the needs older persons at the regional and local levels. AAA is a general term—names of local AAAs may vary.
